

Dear Sir/ Madam,

Greetings from Samavedana and the best wishes for the New Year 2013!

We are pleased to present the **third quarterly report** before you.

The quarter was a mix of overall low activity and some events of huge gains.

To mention the most successful event of this quarter was participation in 'Kisan12', India's largest agri-show. Around 20,000 people from agro-industry visited our stall at the expo from all over India, we got 26 new donors right from Raigad to Wardha and more important than that, we got 3-4 new enthusiastic volunteers.

Second major achievement of this quarter is, we could get 6 skin donations. One of the skins was also grafted on Samavedana patient; you can read his story in later pages. The skin Bank did not charge even the operational cost for the skin retrieval for this patient.

On the side of donations, onco-screening program, and camps, however, the quarter witnessed a low, as every year. The festive season always overpasses the healthcare. However, as compared to last year, we are doing good on donation front, but, the need is growing at a higher pace.

Now, we are looking forward to celebration of 10th Annual Day. We are planning to celebrate it as giant event, a fund raising event. We need your support for the same. We will communicate the details soon. However, this will be scheduled between 5th and 20th of May 2013. Kindly arrange your vacations accordingly.

With warm regards,

Preeti Damle
CEO

Patients Review: (For Details See Annexure 1)

Various patients came to Samavedana seeking help in their treatment and complex surgeries. The most of the patients, 12, were needed treatment under Hematology Dept. Neurology patients were as much as 8 while Oncology and orthopedic numbered 4 each. Medicine and general surgery needing patients were 10 in all. The rest came for cardiac and other treatments.

Important events and achievements:

1. Walk for palliative care: Samavedana participated in a rally on the occasion of “Palliative Care Awareness Week”. The campaign saw participation of 500 plus citizens including doctors, nurses, patients and different organizations & offices. Cipla felicitated 5 organizations, one of them being Samavedana, for their impact, contribution and dedication in healthcare sector.

The felicitated and the felicitators at Shaniwarwada. From left: Ashiesh Choksi, S V Iyer, Avinash Narkar, Aishwarya Narkar, Anjana Choudhari, Dr Priyadarshini Kulkarni, Preeti Damle, Sulabha Deuskar and Vijay Phainkar.

2. Samavedana participated in KISAN 2012, India's largest Agricultural Expo held at Moshi, Pune where we could reach as much as 20,000 people from all over Maharashtra and different parts of India.

Case: Mr Ashok Gade:

The patient came to Samavedana with major burns and the pain it brings along. Ashok, 26, a laborer with sugarcane crop cutting crew, was married for 5 months. After working hard for the day's wage, the husband-wife duo were resting in their hut in the farm and accidentally the lamp fell to set the hut on fire. The wife couldn't survive for more than 5 days. Relatives of Ashok meanwhile approached Samavedana. We quickly sanctioned the financial help to Ashok, burnt 38-40%. The doctors suggested use of Skin form the Skin Bank, for which Samavedana is a promotion and awareness partner, for faster recovery of the patient. Ashok is now discharged and is leading a healthy life.

Case: Vishal Mergal:

Vishal, a 16 years old, the only son to the parents working in farms on daily/monthly wages, was exercising on a double bar at his village where he accidentally fell on his shoulder and head. His intestine was badly hurt. His friends and family moved him to a closest hospital and then to Sahyadri Hospital, Karve road. While the hospital bill for treatment started taking off, they approached Samavedana. Even though, despite all their efforts and Samavedana helping with financial burden, Vishal couldn't survive. Doctor's claim the treatment that he was entitled to in the previous hospital was incorrect and if he had reached to us in time, we could have been able to save his life. Even with all the efforts from Samavedana and Sahyadri's doctors, this mishap occurred.

We need you and your helps in all possible means to save Ashoks and Vishals in our society who can't afford or reach the right healthcare providers. Thank you for helping us so far in serving the society with health services.
