

Quarterly Report

2016-17, Issue - II

Feel together, Heal together

Retrospect

Dear all,

Samavedana takes pleasure in sending this report to you at the end of second quarter of FY 2016-17.

The highlight of the quarter was number of organ donation and preventive health lectures. During the quarter, we delivered 12 lectures to reach out to 800 number of audience. More important was that, More than 60% of these were young people, who are in decision making age or future deciders. Credit and thanks to Samavedana volunteers who organize and deliver the lectures with full zeal, every time.

The 'Samavedana Clinic', latest addition in our programs is now speeding up. 2nd quarter witnessed an average of 9 patients per day. We had 'Health Awareness and education' embedded in the concept of Samavedana clinic. Accordingly, we organized an 'Arogya Dind' (A rally focusing on awareness on safe drinking water) for children and women associated with an NGO 'Swadhar'. Hundreds of children and women participated in the rally. It was a super-success.

We also successfully completed 3rd and final dose of Hepatitis B vaccination for 400+ students in 5 villages at Pargaon Khandala Taluka of Satara district. In continuation with this and as our new project, Samavedana Governing Council has decided to start a 'School Health Program', targeting students from class I to X. We are starting a pilot project for the same in 3rd week of November. We have selected 1 school from Pune city and 2 from vicinity of Pune.

By starting such community based program, you can see that Samavedana is reaching out to larger population and shifting its focus from 'curative, speciality only' to 'preventive, primary, essential' healthcare, in tune with our vision of bringing essential healthcare and the deprived together.

Friends, this is YOUR Samavedana. We invite you to visit us and give your valuable inputs in bettering the organization.

Warm regards,

*Preeti Damle
CEO*

Important Events

15th July :Samavedana Clinic has started serving as platform for community health and as part of Health Education and Awareness vertical, project team of Clinic organized an *Arogya Dindi* in association with SWADHAR. This *dindi*, a rally of hundreds of school going students along with SHG members of SWADHAR, most of them beneficiaries of

the clinic, walked through the streets and lanes of slum community in Upper Indiranagar. They used demonstrations, street-plays, posters and slogans to create awareness about importance of clean water and good practices during monsoon season. Thousands of community members were reached through this joint effort by Swadhar and Samavedana.

22nd August: Donor patient get together – Mr Abhijeet Gholap, donates specifically for the haematological treatment of children. He expressed wish to see the Haematology

department along with the patients, a few of those being supported by himself. His family interacted with the beneficiaries and the kids (patients) were happy being visited by caring 'strangers'. He, on his visit to hospital, also had a meeting with founder of Samavedana Dr Charudutt Apte and Haematologist Dr Shashi Apte. This visit highlighted Samavedana in right sense, bringing healthcare and deprived together, with help of the society.

2nd Sept: New Programmes: A periodic **Governing Council meeting** was called to review and foresee Samavedana activities. The GC has observed the need of a **comprehensive school health program** for students of government set-up schools and decided to start such long-term project for urban and rural schools. The pilot project will be run with 3 schools from November.

The GC also felt the need of **expansion of Cancer Screening Programme** to reach out to maximum women to undergo preventive cancer screening.

23rd Sept: In association with Asian Paints and one more corporate, Samavedana conducted a 6 months long school health programme where students from ZP schools went through general check-up and monitoring. They were also vaccinated with H1N1 and Hepatitis B preventive medication. The third and last booster dose of **Hepatitis B** was provided on 23rd Sept to 435 of these students.

27th-28th Sept: NGO Box hosts one of the largest summits of Corporate and NGOs and they exhibit their respective work in the social development sector. Mr Amar Pawar, Asst. Manager, Communications and Development attended the 'India CSR Summit, 2016' in Mumbai. This helped Samavedana connect with many like-minded NGOs, social enterprises and corporate. Associations formed through this platform will help us serve the needy more effectively and efficiently.
